

Minnesota 300 Adventure Ride

October 10 & 11 2020

The MN 300 is a 2 day adventure ride through the Walker/Leech Lake area in northern MN. The route consists of two loops, each approximately 150 miles. The loops begin and end at the Country Inn walker, and use the many forest roads, snowmobile, and ATV trails in the area. The ride is GPS guided. Although we highly recommend riders have a GPS, or ride with someone with a GPS, a route sheet with maps constructed specifically for the event are also provided. GPS tracks (.gpx), maps and event information will be mailed electronically to all registered riders one (1) week before the event. You must pre-register for this event. Enrollment will be limited to the first 100 riders.

There will be a social room on Friday evening. For the GPS illiterate, in addition to socializing, there will be people available to help load tracks, discuss route details, and generally assist with GPS/Course associated issues. There will also be a pre-ride meeting and breakfast each morning. The Saturday night banquet will feature a cash bar, buffet, awards session, and a perfect opportunity to bench race.

Ride Information

All riders are responsible for the following: GPS unit (Or, ride with someone who has a GPS). A well maintained street legal motorcycle with all equipment required by MN law such as an approved spark arrestor and meeting MN sound level limits. 75 mile fuel range recommended (Gas options exist at 40 mile ranges but require short deviations from the route) Although not mandatory, it is highly recommended all riders have protective riding gear for off-road riding including, but not limited to: helmet, goggles or appropriate eye protection, gloves, and riding boots. All tools to make repairs on the trail or fix flat tires. Hydration/Snacks. First aid kit.
